

Share the Spirit Funding Report - 2023 (due June 2024)

Please help Share the Spirit continue to be an effective partner by sharing fund use and impact with us. We do NOT expect or require long narratives - for most answers a few lines or a paragraph or two is all that is needed.

Submit report online by June 3, 2024

This form should take about 10-15 minutes and is simply to report on fund utilization. Fund use should match to your original grant application request and the rest of the form does not require extensive information. Users are able to save work and return. However, we recommend saving a copy of answers on your own device and/or previewing form and then completing it in one session, as often the save/continue link goes to the spam folder and then can be missed.

Note: Information provided here is not considered confidential.

Briefly describe the program and use of Share the Spirit grant funds:*

For example: Forty \$100 Target gift cards were purchased and distributed to 40 program participants at our April event. OR: Funding will provide 20 hours of camp counselor time in June 2024. (The use of funds should match the use of funds proposed in the grant application.)

0 of 500 max characters

In general, who are the recipients of the program services or items provided by the Share the Spirit funds?*

Please include some demographic info (children, gender, veterans, low income, etc) if you collect this information.

Total number of individuals assisted/to be assisted with the Share the Spirit funds:*

We understand this may be a challenge. Here are some examples: If funding helped run your program for a week and the program helped 50 people this week, enter 50. If funding will help 60 families with gift cards, estimate how many family members would be helped. If it helps keep a park open for a week, put approximate park visitors for the week. We are looking for a number of those impacted.

Please enter a number from 1 to 100000.

Form completed by:*

Direct and indirect impact of being STS Grantee: Please comment on any amplified awareness or direct contributions (gifts of funds, goods, volunteers, use of story in other grant applications, or other) as a result of the story exposure.*

This question is FOR THOSE SELECTED FOR STORY IN 2023 - We don't need a lot of detail,

but would like to see any data or information to share with our donors/funders about the impact of having your organization featured in the East Bay Times publications. For example, if 2 people called and wanted to join your volunteer program, or board members are using the story when fundraising, someone called your organization directly to make a gift, a new client found your services, etc. (If not featured, enter "NO STORY" for this question.)

Good news follow up: Do you have an update on your program or participants? We would love to hear more about any possible "where are they now" or "results of grant" type of stories to do a follow up post.*

Please share a paragraph or two about any results or program updates or participant updates, particularly anyone featured in a story, to illustrate how funds are making an impact or progress toward goal/wish.

Comments or feedback (OPTIONAL)

Open for comments about the application process, stories, brief message for donors, request for follow up, etc., or anything not covered in previous questions. You can also contact us directly to discuss program. (OPTIONAL)

Attach photos or other related documents here - only if needed.

As needed for anything that did not fit in form. There is NO RECEIPT REQUIREMENT/PHOTOS OPTIONAL
